SPECIALTIES

Project Management, Safety and Quality Control, Planning and Coordination, Client Relations

SUMMARY

Dale collaborates with clients to be sure their primary business needs are met throughout the construction process. He works hard to make sure the project is completed on time and within budget. As Project Manager, he oversees all aspects of a project from start to finish. Dale creates bids, estimates, schedules and budgets for each project. No project is too big or small.

BACKGROUND & EXPERIENCE

Dale grew up in a family where construction was a large focus. His expertise in construction comes from his 40+ years in the field. Earlier in his career, Dale worked for W.H. Howell Construction as an estimator/purchasing agent during the construction of the San Marcos Industrial Park (SMIP) in California. SMIP is a 50-acre industrial park that was built from the ground up and included a rock plant to assist with the grading.

ACCOMPLISHMENTS & ACCOLADES

- Joined Compass Commercial — 2014

PROFESSIONAL AFFILIATIONS

- Construction Contractors Board (CCB)
